The Kiplinger article "Great Jobs for Retirees" explores various employment opportunities suitable for retirees seeking to stay active, earn extra income, or transition into a new career. It highlights flexible job options, such as part-time positions, consulting, tutoring, and seasonal work, emphasizing roles that leverage existing skills and experience. The article also discusses the benefits of working after retirement, including social engagement and mental stimulation. Overall, it serves as a resource for retirees looking to find meaningful and enjoyable work in their post-retirement years.
