The Massachusetts Senior Circuit Breaker Tax Credit page provides information about a tax credit designed to help senior citizens reduce their property tax burden. The credit is available to residents aged 65 and older who meet specific income and residency requirements. It allows eligible seniors to receive a credit that offsets property taxes paid, based on the value of their home and their income. The page outlines the eligibility criteria, application process, and key deadlines for claiming the credit. Overall, it aims to assist seniors in accessing financial relief and making housing more affordable in Massachusetts.
