Neighbors Caring for Neighbors! Villages are community-based, nonprofit, grassroots organizations formed through a cadre of caring neighbors who want to change the paradigm of aging.

Local Villages connect members to a wide array of practical support services and social connections that enable older adults to enjoy a rich, independent and healthy quality of life when they choose to age in their homes and communities. Villages build a sense of community and offer resources, services, programs and activities, including social and educational programs, health and wellness activities and volunteer assistance with transportation, light home maintenance, and technology coaching. The Village Movement originated in Boston with Beacon Hill Village, leading the way for a more economically efficient model for aging.
