Are I Bonds the Safest Investment for Your Portfolio?

Interesting Reads and Recipes · https://community.womensmoneymatters.org/resources/are-i-bonds-the-safest-investment-for-your-portfolio/

Series I savings bonds, or "I bonds" for short, come with guarantees, tax-deferred inflation-adjusted interest, and, after one year, liquidity. They could be one of the best cash investments you ever make. I bonds make a great second-tier emergency fund.
