MCO Housing Services

Rent and Utilities · https://community.womensmoneymatters.org/resources/mco-housing-services/

Properties are sold or leased in conjunction with State sponsored affordable housing programs and have income and asset limitations.

We are pleased to help in your search for quality, affordable homes in Eastern Massachusetts. We represent developers and landlords to aid in matching you to homes "for sale" which generally range from $175,000 to $275,000 and apartments generally renting from $1,300 per month and up (pending property location and size).
