Link:

The Massachusetts Home Modification Loan Program (HMLP) page on the MCOA website provides an overview of the program, which assists homeowners with disabilities and seniors in making necessary home modifications for better accessibility. It details the types of modifications eligible for funding, such as installing ramps, grab bars, and widening doorways. The page explains the application process, eligibility requirements, and loan terms, emphasizing the program's aim to help individuals live independently and safely in their homes. Overall, it serves as a resource for those seeking financial assistance for home modifications in Massachusetts.
