

BUILDING YOUR BEST ASSET WORKSHOP OVERVIEW

Workshop Description

Deciding what to study, where, and how to pay for it is stressful, but we are hoping to clarify and help in this program. We will provide a variety of materials, information, and resources.

Key Workshop Goals

- Understand the difference between 2 year, 4 year, and tech/trade schools
- Identify pros and cons of each of these types of post high school options
- Identify the different financial aid and financing options available
- Understand the different types of loans
- Consider trade or technical school options

Core Skills Covered

- Researching accredited schools
- Determining financing options
- Comparing different post high school options

Handouts To Be Given Out and Discussed

- Postsecondary Planning Comparison Chart

Follow-up Exercise: Participants will consider the best post high school paths based on research for themselves and their kids.
